Application No. 10/597,918
Amendment Dated: June 23, 2008
Reply to Notice 03/21/2008

Applicant states that no new matter is contained in the accompanying Substitute Specification.

In reviewing the undersigned's Deposit Account Statement, it was noted that the account was charged an excess claim fee of \$700.00 and a multiple dependency fee of \$370.00 on April 28, 2008, for the above-identified application. The application filing fee of \$900 was charged to the undersigned's credit card on August 11, 2006 with RAM confirmation number 4.

Applicant respectfully points out that at the time of filing all of the changes shown in the Replacement Preliminary Amendment were incorporated into the application for filing. Applicant notes however, that the Patent Office apparently used the translation of the application as a basis for calculating fees, rather than the application as filed. Applicant respectfully points out that the application as filed on August 11, 2006 was amended to omit multiple dependencies. When filing the Response to Notification of Missing Requirements, Applicant did not realize the PTO error and prepared a Preliminary Amendment to reflect the changes previously made to the application as filed. Unfortunately, this response did not reflect the correction to the claims with multiple dependency. Applicant is herewith submitting a supplemental response to the Missing Requirements along with a Replacement Preliminary Amendment showing all changes made to the application at the time of filing. Applicant is also herewith submitting a Replacement Substitute Specification showing all changes made by the Replacement Preliminary Amendment as well as a Replacement Substitute Specification incorporating all changes made by the Replacement Preliminary Amendment.

AS THE APPLICATION THAT WAS FILED ON AUGUST 11, 2006 DID NOT CONTAIN ANY OF THE MULTIPLE DEPENDENCIES FOR WHICH THE UNDERSIGNED'S DEPOSIT ACCOUNT WAS CHARGED, APPLICANT IS HEREWITH ALSO REQUESTING THE \$1070.00 BE CREDITED BACK TO DEPOSIT ACCOUNT 50-1287.
